starting guard. The duo each averaged 14 points per game last year, and both managed to earn 2nd team 28-5A selections.

Three other starters return from last year's team, which includes forward Diego Rodriguez along with his twin brother, shooting guard Alex Rodriguez. Their offense, which requires a 2nd point guard on the floor at all times will have Ramiro Corpus as the 5th

starter. This year the Mavericks have a deep bench with a lot of experience, from sophomores all the way through seniors. Coming off the bench will be players such as sharp shooter Luis Cabanas, do it all Manny Martinez, and straight from the grid-iron, point guard Eric Sanchez. Most importantly the Mavericks will have plenty of offensive fire-power with Chris Hernandez & Angel Huerta relieving the starters of some minutes.

This seasons the Mavericks open up Saturday November 16th with a home date vs Del Rio at 2:30 pm. Parent's Night will be on Monday December 2nd with Poteet coming into town. The Process will take on the road for 3 tournaments to get them ready for district play at La Joya, Poteet, and Gregory Portland. District play will begin Tuesday December 17th

at Somerset with our first home game coming Friday December 20th

vs Floresville. The Mavericks will be looking to secure their first playoff game in school history this season. We look forward to having all of you at our games and would like to invite you to Meet the Mavericks Wednesday December 11th

at Peter Piper Pizza.
